INDEX

Kappa Delta Pi Record, Volume 44

Authors and Articles

Bond, N. *12 Questioning Strategies that Minimize Classroom Management Problems,* 18–21

Bower, L. A. *Standing Up for Diversity: Lesbian Mothers' Suggestions for Teachers,* 181–83

Brannon, D. *Character Education: It's a Joint Responsibility,* 62–65

Bresnahan, V. See **Conderman, G.**

Brumbaugh, E. *DAP in ECE: RESPECT,* 170–75

Cahill, S. M., and **S. Mitra.** *Forging Collaborative Relationships to Meet the Demands of Inclusion,* 149–51

Caldwell, P. F., and **S. A. Sholtis.** *Developing an Ethic of Care in the Classroom,* 85–89

Collins, P. *Using Poetry throughout the Curriculum,* 81–84

Conderman, G., and **C. S. Woods.** *Science Instruction: An Endangered Species,* 76–80

Conderman, G., and **V. Bresnahan.** *Teaching Big Ideas in Diverse Middle School Classrooms,* 176–80

Cox, T. See **Gresham, J.**

Dana, N. F., and **D. Yendol-Hoppey.** *Resisting 'Crash Diet' Staff Development,* 66–71

Donihoo, J. See **Gresham, J.**

Dyrness, A. See **Dyrness, R.**

Dyrness, R., and **A. Dyrness.** *Making the Grade in Middle School,* 114–18

Farrer, D. A. *Teaching Is Serving,* 4

Fawcett, G., and **E. Shannon-Smith.** *Community as Classroom: Extending the Learning Opportunities,* 132–35

Garrett, J. L. *A Teaching Repertoire,* 6–7; *Is Your School Accessible and Inviting?,* 106–07; *Making Connections with Parents,* 55; *STEM: The 21st Century Sputnik,* 152–53

Gatewood, K. *Podcasting: Just the Basics,* 90–93

Gieselmann, S. *Lessons from an Influential Teacher in EDUC* 100, 190–91

Gresham, J., J. Donihoo, and **T. Cox.** *Five Strategies to Enhance Your Substitute Teaching,* 28–32

Grosswirth, R. *Personal Reflections on Teaching,* 5

Hansen-Thomas, H. *Sheltered Instruction: Best Practices for ELLs in the Mainstream,* 165–69

Hasslen, R. *From a Tarpaper Shack to a Transformed Classroom: A Teacher's Journey,* 52–54

Higgins, B. See **Miller, M.**

Kersten, T. A. *Finding a Teaching Position: Strategies for Success,* 72–75

Kinsler, K. *Teaming for Success in Underperforming Schools,* 128–31

Lare, D. See **White, G.**

Magyar, A. *Teaching and Tears,* 144

Martinson, D. L. *Why Teachers Should NOT Be Totally Honest,* 100–05

Miller, M., and **B. Higgins.** *Beyond Test Preparation: Nurturing Successful Learners through Reading and Writing Workshops,* 124–27

Mitra, S. See **Cahill, S. M.**

Mueller, S. See **White, G.**

Nail, M. H. *Reaching Out to Families,* 39–41

Noel, A. M. *Elements of a Winning Field Trip,* 42–44

Quintanar, A. P., and **S. R. Warren.** *Listening to the Voices of Latino Parent Volunteers,* 119–23

Rockwell, S. *Working Smarter, Not Harder: Reaching the Tough to Teach—Part I: Prior Knowledge and Concept Development,* 8–12; *Part II: Content Integration,* 56–61; Part III: *Strategies and Scaffolding,* 108–13; *Part IV: Judicious Review and Synergy,* 154–59

Ross-Fisher, R. *Action Research to Improve Teaching and Learning,* 160–64

Shannon-Smith, E. See **Fawcett, G.**

Sholtis, S. A. See **Caldwell, P. F.**

Smeaton, P. See **White, G.**

Thomas, C. N., and **J. Wexler.** *10 Ways to Teach and Support Struggling Adolescent Readers,* 22–27

Todd, A. *The Versatility of Leadership,* 184–85

True, C. J. *Two Students Who Taught Me Well,* 96

Warren, S. R. See **Quintanar, A. P.**

Waters, F. See **White, G.**

Wexler, J. See **Thomas, C. N.**

White, G., D. Lare, S. Mueller, P. Smeaton, and **F. Waters.** *The Virtual Education Academy: A Novel Approach to Engaging At-Risk Students,* 13–17

Willey, M. M. *Never Give Up,* 48

Willis, J. *Preserve the Child in Every Learner,* 33–37

Woods, C. S. See **Conderman, G.**

Yendol-Hoppey, D. See **Dana, N. F.**

Book Reviews

Building on Student Diversity: Profiles and Activities by J. R. Cowdery, L. Ingling, L. E. Morrow, and V.A. Wilson. Thousand Oaks, CA: Sage Publications. 2007. Reviewed by V. R. Helterbran, 47

Culture, Literacy, and Learning: Taking Bloom in the Midst of the Whirlwind by C. D. Lee. New York: Teachers College Press. 2007. Reviewed by C. M. Januszka, 141

Cyber-Safe Kids, Cyber-Savvy Teens: Helping Young People Learn to Use the Internet Safely and Responsibly by N. E. Willard. San Francisco: John Wiley & Sons, Inc. 2007. Reviewed by V. R. Helterbran, 94

Educating the First Digital Generation by P. G. Harwood and V. Asal. Westport, CT: Praeger Publishers. 2007. Reviewed by S. Hipsky, 188

Leading Lesson Study: A Practical Guide for Teachers and Facilitators by J. Stepanek, G. Appel, M. Leong, M. T. Mangan, and M. Mitchell. Thousand Oaks, CA: Corwin Press. 2007. Reviewed by Y. Iwai, 189

Learning to Lead: Ten Stories for Principals by M. Chirichello and N. Richmond. Lanham, MD: Rowman & Littlefield Education. 2007. Reviewed by J. W. Dougherty, 143

The Power of Our Words: Teacher Language That Helps Children Learn by P. Denton. Turner Falls, MA: Northeast Foundation for Children. 2007. Reviewed by S. Hipsky, 142

Teach Like Your Hair's on Fire: The Methods and Madness Inside Room 56 by R. Esquith. New York: Viking Penguin. 2007. Reviewed by D. Pratt, 46

Teaching City Kids: Understanding and Appreciating Them edited by J. L. Kincheloe and K. Hayes. New York: Peter Lang Publishing, Inc. 2007. Reviewed by P. K. Greene, 95

checklist, 178

children: character, 63; of color, 119; social development, 171–75

circle time, 88
citizenship, 14–16
classroom management, 19–21, 77, 87, 142
classrooms: components, 63–64; community, 132–35; discussions, 88; ethic of care, 85–89; parent volunteers, 172; structure, 48; student-centered, 36
CLD (Culturally and Linguistically Diverse) students, 167
Cleaver, Eldridge, 144
cognitive: dissonance, 54; strategy, 7
collaboration, 131, 149–51, 184–85
communication: 101–03; with parents, 121–22; with podcasts, 92
communities, 120, 132–35
compassion, 190
comprehension, 25, 83
concepts: attainment, 7; core, 176–77; developing, 8–12; learning at mastery levels, 57; learning new, 154; webs, 158
confianza (confidence), 120, 123
connecting: with others, 64; with parents, 55
content: areas, 81–84; cultural perspective, 168; integrated, 56–61; making connections, 12
cooperative learning, 7, 36, 167, 179
cover letter and résumé, 75
criticism sandwich, 115
culture and literacy learning, 141
curriculum: 54; conformity, 34; integration, 78–80
DAP (Developmentally Appropriate Practice), 170–75
data-driven instruction, 131
Debbi's DIBELS data, 70
demonstrations, 167
Dewey, John, 135
DIBELS (Dynamic Indicators of Basic Early Literacy Skills), 70
differentiated instruction, 26, 69, 82, 167
digital generation, 188
disability adaptations, 150
Discovery Learning, 7
diversity, 102–03, 131, 176–83
documentation panels, 171
DuBois, W. E. B., 144
ECE (Early Childhood Education), 170–75
Educational Diagnostic Meetings, 7
elementary teachers, 77
ELLs (English Language Learners), 165–69
emotion, 159
employment, 72–75
English, 141
enrichment, 12, 87
environment, 170
ESL (English as a Second Language) teachers, 166
essay, 111–12
ethic of care, 54, 85–89
exams, 116–17
expectations, 122–23, 174–75
experiences, 172
extra credit activities, 88
families: 181–83; character education, 62, 64–65; reaching out to, 39–41; respecting reality, 103–04
FCAT (Florida Comprehensive Achievement Test), 68–70, 126
field trips, 42–44
Five Finger Test, 24
flip chutes, 158–59
flow charts, 158
follow-up questions, 21
form, 129
4×15 minute study system, 178, 180
Frayer Model, 178–79
free-play, 174
furniture, 173
games, 156–58
Glasser, William, 106
grading, 89, 113–18
graphic organizers, 32, 158
greetings, 121
group interactions, 173
Harvard Family Research Project, 120
hierarchical charts, 158
high school: dropouts, 13–14; graduation standards, 153
higher-order thinking skills, 86
high-stakes testing, 66
home and character education, 64
home visits, 122
homebound students, 14, 16–17
homework: independent reading level, 24; Latino parental involvement, 122
homophones, 168
honesty, 100–05
how-to-study strategy, 178–79
IBSIP (Inquiry Based School Improvement Program), 129–31
IEPs (Individualized Education Programs), 70
imaging, 83
inclusion, 149–51
independent learning, 24, 88
inferential analysis, 163
information, acquisition and retention, 156
inquiry, 7
inspiration, 5, 190
instruction, 19, 24, 26, 67
integrated content, 56–61
intentionality, 107
interest-stimulated learning, 34
Internet, safe use of, 94
investigations, 167
Invitational Theory, 107
Jurisprudential Inquiry, 7
Kant, Immanuel, 103
keyword search, 92
King, Martin Luther, Jr., 4
lab activities, 11
language: acquisition, 35; arts, 40, 78–79; Latino parental involvement, 122; redirecting, 142
large-group interactions, 173
late-work policies, 116–18
Latino parental involvement, 119–23
leadership, 143, 184–85
learn-by-failing approach, 115
learners: characteristics, 108; at risk for failure, 9–10
learning: 34–36; community, 133–35; complexity, 70; disabilities, 149; improving, 160–61; meaningful contexts, 54; strategies for improving, 7; test performance, 70
lesbian mothers, 181–83
lesson planning, 19, 176–77, 189
literacy of power, 95
literature, reviewing, 162–63
male teachers, 74
materials, 173
math: ELLs (English Language Learners), 167; low student performance, 152–53; prioritizing instruction, 77
mentors, 16
middle school: mathematics achievement, 134; self-esteem, 114–15; teaching big ideas, 176–80
mnemonic, 177
modeling character, 63
Montessori, 175
morality of care, 105
motivation: emotion, 159; grades as, 115–16; learning and, 58
MP3 players, 91
music and science, 80

portfolios, 89
positive reinforcement, 48
practice, guided and independent, 150
pre-assessment, 174
preschoolers, 48
preservice teachers: in diverse classroom, 46; mentors, 16; science requirements, 77–78
priming session, 36
principals, 122, 143
prior knowledge, 8–12
problem-based learning, 26
problem solving, 131, 161
professional development: 7, 67; balanced diet, 71; podcasts, 92; preservice, 131; school-based, 189; science, 77
Project Approach, 175
publishing process, 40–41
pull-out services, 151
puzzles, 157–58
Q Methodology, 85
qualitative research, 163
questions: exams, 116; multiple answers to, 87; researchable, 161–62; strategies, 19–21; student-initiated, 36; writing out, 19
race, confronting issue, 144
race track, 156–57
rating scales, 163
reading: aloud, 83; poetry, 83; prioritizing instruction, 77; required in all subjects, 57; skills, 125; struggling readers, 22–27; workshop, 124–27
realia, 167
reciprocal relationships, 5
reflection, 77, 164
Reggio Emilia, 175
reinforcing language, 142
relationships, 171–72
reminding language, 142
repeated reading, 24–25
reputation, value of, 75
research, 67–71, 160–62
respect, 63, 86, 103–04
results, 161–62
review strategies, 150, 154–59
RSS (Real Simple Syndication), 91
rubrics, 163
scaffolding, 24, 111–13, 141
school improvement, 128–29
school-community partnerships, 132
schools: collaborative, 128–29; communities of color, 120; critical and creative thinking, 107; late-work policies, 116–18; parental involvement, 55, 121–23; poorly performing, 129–30; shifts in culture, 67
Schools without Failure, 106–07
science: elementary classroom, 76–80; ELLs (English Language Learners), 167; low student performance, 152–53
SDAIE (Specially Designed Academic Instruction in English), 166
search engines, 92
second language learners, 167–68
security, 172–73
SEI (Summit Education Initiative), 133
self-discovery learning, 86
self-esteem, 114–15, 118
semantic maps, 25
service, 4–5
sexual orientation, 181–82
sharing boards, 171
sheltered instruction, 165–69
shouting out and cueing, 20
SIOP (Sheltered Instruction Observation Protocol), 166
skills, 57, 154
Skillstreaming, 64
SLD (specific learning disability), 9
SLTs (school leadership teams), 129
small groups, 131, 174
social development, 173
social justice, 54
social strategy, 7
social studies and science, 80
software programs, 91
space, 172–73
Space Age, 152
Spearman's rank-order correlation coefficient, 163
special education, 149–50
sponge activities, 32
staff development: 66–71; after NCLB, 67; current science information, 78; sheltered instruction, 168–69
standardized tests, 67–69, 124
statistics, 163
STEM (science, technology, engineering, and mathematics), 152–53
storage and retrieval systems, 155–56
strategies: academic growth, 10; conspicuous, 109–13; effective substitute teaching, 28–32; improving teaching and learning, 7; think aloud, 25, 83, 87
stress, 35
structure and classrooms, 48
structured lab notes, 11
students: 161–62; abandoning education, 106–07; achievement, 128; anxiety, 34; assessment, 20, 36, 116–17; assigning roles, 26; assignments, 87–89; attention, 155; AYP (adequate yearly progress), 129; behavior, 19, 63; calling on randomly, 20; communicating with, 54, 86, 103; cultural backgrounds, 46; curiosity, 35; with disabilities, 77–78, 150, 179; diversity, 131, 141, 176, 181; elementary, 40, 77–80; frustration level, 24; grades, 87; grouping, 26–27; homebound, 14; independent, 24, 88; instructional level, 24; learning, 46, 54, 63, 68, 71; lives outside classroom, 53–54; math and science, 152–53; memorizing, 68; motivation, 58, 69; parent involvement, 62; personal connections, 10; portfolios, 89; positive feedback, 115; priming session, 36; prior knowledge, 10–11; protecting welfare, 104; questions, 19–21; reading, 4, 69; recognition, 96; respect, 86; scientific investigation and problem solving, 68; shaping lives of, 5; skills tested on state test, 69; social justice, 54; STEM, 152–53; successful performance, 36; thinking, 86–87
study guide format, 178–79
subject matter, 5
substitute teachers, 28–32
